**VESSEL WALK-THROUGH:** Staring aft, you will find a large swim platform designed to be flush with the waterline for easy boarding when water skiing or tubing. There is a retractable swim ladder, but you really don't need it with COBALT's unique swim platform design. There is a large aft facing bench seat with SS grab rails. To port and starboard you will see additional seating with storage compartments under the seats. In the center cockpit area is an extremely large storage / ski locker compartment with liner. Moving forward, the helm and companion chairs feature bolster flip-ups which is great for additional visibility when docking or in high boating traffic areas. Forward of the guest chair is a glove box which contains a SONY Drive-5 MP3/AM/FM Stereo System that can be controlled at the helm on the captain's side as well. Also at the helm you'll find a GARMIN GPSmap 441S and all of the standard illuminated COBALT 242 helm instrumentation. Continuing forward are two large lounge seats that connect to an additional far forward seating area. As you can see, COBALT did a fantastic layout design on this twenty four footer enabling the owner to entertain lots of friends and family with safety in mind with SS grab rails no only on the aft swim platform area, but throughout the entire boat. This boat delivers a smooth crisp ride over wakes and is graceful even in hard turns. She gets up on plane in only 3.3 seconds and will deliver the performance you're looking for. It's no wonder why JD Power and Associates rated COBALT Number 1 in ride comfort!

**ADDITIONAL FEATURES and RECENT SERVICE:** Included in the sale price is a full canvas tonneau storage cover (black) and bimini top (black) along with life jackets and misc. safety gear. The Risers and Manifolds were just replaced with new in January 2017 and this boat was just professionally detailed and waxed in January 2017. If you have been holding off and waiting to make a purchase until you found the perfect high quality, luxurious bowrider, your wait is now over! You do not want to miss out on this rare find by inquiring today on this COBALT 242 Bowrider and booking a personal walk-through.
